

1st March 2022

Scheduled fees for RED Platform

Issuance share fee (only for projects certified with RED standard)	10%	For RED certified projects
Buy fee	10%	For all projects (will be added on top of the price listed by the project developer)
External Auditor	TBD/project	For RED certified projects (to be paid to the auditor)
Yearly administration fee	500 \$	For all projects
Consultancy fee (if Emission Reduction calculation is needed)	TBD/project	For RED certified projects (to be paid to the consultant)
Validation/verification fee (franchisee)	1,200 \$	For RED certified projects

For retroactive projects, project developers will receive carbon certificates for a period of 3 years retroactively.

Validation fee to be paid once for both retroactive and regular projects.

Monitoring/verification periods can be done yearly or for larger periods of time, as per project developer choice, and at least once in 5 years.

A verification fee shall be paid for each verification period, as chosen by the project developer.
